CAREER OBJECTIVE

BCA graduate and IT fresher with hands-on experience in web development using HTML, CSS, JavaScript, Python, and Flask. Skilled in building CRUD-based web applications, integrating databases, and designing responsive user interfaces. Seeking an entry-level Web Developer / Python role to apply practical development skills and grow in a professional environment..

TECHNICAL SKILLS

Programming: Python

Web Development: HTML, CSS, JavaScript, Bootstrap

Backend: Flask, Jinja2 (basic), CRUD operations

Database Management: MySQL, SQLite

Tools & OS: Linux (CentOS), Git, Command Line

Automation: Bash scripting, Ansible

PROJECTS

Calculator – Web Application

HTML, CSS, JavaScript

- Built a responsive calculator supporting real-time arithmetic operations
- Implemented input validation and error handling to improve reliability and user experience

---

Simple Blog Application

Python, Flask, HTML, CSS, SQLite

- Developed a blog platform with user registration, login, and secure session management
- Implemented full CRUD operations for blog posts with role-based access control
- Integrated SQLite database using Flask-SQLAlchemy and dynamic Jinja templates

Notes Management Web Application

Python, Flask, HTML, CSS, SQLite

- Built a CRUD-based notes application allowing users to create, edit, and delete notes
- Designed a clean and responsive user interface using HTML and CSS
- Implemented backend logic using Flask with persistent data storage in SQLite

---
